POSTED NOTICES CAN BE COPIED IN BRAILLE

If you have notices to be posted on campus, send one copy to Student Special Services in Ely Hall, Room 117. S.S.S. will duplicate your poster, ad or notices, in braille and large print (if your original is not bold enough). It will then be posted on the S.S.S. bulletin board in the SUB.

ENERGY INFO

If every dishwasher user in the nation cut out just one load a week, we'd save almost 15 million kilowatt hours of electricity every day or the equivalent of about 378,000 gallons of oil a day.

Speaking of dishwashers - don't use the "rinse-hold" on your machine - it uses three to seven gallons of hot water each time you use it. The average dishwasher uses 14 gallons of hot water per load. Use it efficiently, full but not overloaded.

Thanks for your consideration.
